Captain Ivan Vorpatril is happy with his relatively uneventful bachelor's life of a staff officer to a Barrayanan admiral. Ivan, cousin to Imperial troubleshooter Miles Vorkosigan, is not far down the hereditary list for the emperorship. Thankfully, new heirs have directed that headache elsewhere, leaving Ivan to enjoy his life on Komarr, far from the Byzantine court politics of his home system. But when an old friend in Barrayanan intelligence asks Ivan to protect an attractive young woman who may be on the hit list of a criminal syndicate, Ivan's chivalrous nature takes over. It seems danger and adventures have once more found Captain Vorpatril. Tej Arqua and her half-sister and servant Rish are fleeing the violent overthrow of their clan on free-for-all planet Jackson's Whole. Now it seems Tej may possess a hidden secret of which even she may not be aware. It's a secret that could corrupt the heart of a highly regarded Barayarran family and provide the final advantage for the thugs who seek to overthrow Tej's homeworld. But none of Tej's formidable adversaries have counted on Ivan Vorpatril. For behind Ivan's facade of wry and self-effacing humor lies a true and cunning protector who will never leave a distressed lady in the lurch^{3/4} up to and including making the ultimate sacrifice to keep her from harm: the treasured and hardwon freedom from his own fate as a scion of Barrayar. When Enemies Become More than Friends -- THEY WIN In her first trial by fire, Cordelia Naismith captained a throwaway ship of the Betan Expeditionary Force on a mission to destroy an enemy armada. Discovering deception within deception, treachery within treachery, she was forced into a separate peace with her chief opponent, Lord Aral Vorkosigan -- he who was called "The Butcher of Komarr" -- and would consequently become an outcast on her own planet and the Lady Vorkosigan on his. Sick of combat and betrayal, she was ready to settle down to a quiet life, interrupted only by the occasional ceremonial appearances required of the Lady Vorkosigan. But when the Emperor died, Aral became guardian of the infant heir to the imperial throne of Barrayar -- and the target of high-tech assassins in a dynastic civil war that was reminiscent of Earth's Middle Ages, but fought with up-to-the minute biowar technology. Neither Aral nor Cordelia guessed the part that their cell-damaged unborn would play in Barrayari's bloody legacy.
