[Melville in Love Bookworld Services](#)

A new account of Herman Melville and the writing of *Moby-Dick*, written by a Pulitzer Prize finalist in Biography and based on fresh archival research, which reveals that the anarchic spirit animating Melville's canonical work was inspired by his great love affair with a shockingly unconventional married woman. Herman Melville's epic novel, *Moby-Dick*, was a spectacular failure when it was published in 1851, effectively ending its author's rise to literary fame. Because he was neglected by academics for so long, and because he made little effort to preserve his legacy, we know very little about Melville, and even less about what he called his "wicked book." Scholars still puzzle over what drove Melville to invent Captain Ahab's mad pursuit of the great white whale. In Melville in Love Pulitzer Prize-finalist Michael Shelden sheds light on this literary mystery to tell a story of Melville's passionate, obsessive, and clandestine affair with a married woman named Sarah Morewood, whose libertine impulses encouraged and sustained Melville's own. In his research, Shelden discovered unexplored documents suggesting that, in their shared resistance to the "iron rule" of social conformity, Sarah and Melville had forged an illicit and enduring romantic and intellectual bond. Emboldened by the thrill of courting Sarah in secret, the pleasure of falling in love, and the excitement of spending time with literary luminaries—like Dr. Oliver Wendell Holmes and Nathaniel Hawthorne—Melville found the courage to take the leap from light works of adventure to the hugely brilliant, utterly subversive *Moby-Dick*. Filled with the rich detail and immense drama of Melville's secret life, *Melville in Love* tells the gripping story of how one of our greatest novelists found his muse.

A captivating biography of two famous women whose sons, Winston Churchill and Franklin D Roosevelt, would change the course of the 20th century—by award-winning historian Charlotte Gray. Born into upper class America in the same year, 1854, Sara Delano and Jennie Jerome refused to settle into predictable, sheltered lives as little-known wives to prominent men. Instead, both women concentrated their energies on enabling their sons to reach the epicentre of political power on two continents. In the mid-19th century, the British Empire was at its height, France's Second Empire flourished and the industrial vigour of the USA was catapulting the republic towards the Gilded Age. Sara and Jennie, raised with privilege but subject to the constraints of women's roles at the time, learned how to take control of their destinies, Sara in the prosperous Hudson Valley and Jennie in the glittering world of Imperial London. Yet their personalities and choices were dramatically different. A vivacious extrovert, Jennie married Lord Randolph Churchill, rising politician and scion of a noble British family. Her deft social and political manoeuvres helped not only her mercurial husband but, once she was widowed, her ambitious son, Winston. By contrast, deeply conventional Sara Delano married a man as old as her father. But once widowed, she made Franklin, her only child, the focus of her existence. Thanks in large part to her financial support and to her guidance, Franklin acquired the skills he needed to become a successful politician. Set against one hundred years of history, *Passionate Mothers, Powerful Sons* is a study in loyalty and resilience. Gray argues that Jennie and Sara are too often presented as lesser figures rather than two remarkable individuals who were key in shaping the characters of the sons who adored them, and preparing them for leadership on the world stage. A masterful biographer and acclaimed historian, Charlotte Gray breathes new life into Sara and Jennie. Impeccably researched and filled with intriguing social insights, *Passionate Mothers, Powerful Sons* offers a fascinating and fulsome portrait of how leaders are not just born but made.

The Art of Blade Runner: Black Lotus is a study and celebration of the artwork that went into making the first ever Blade Runner animated series. The Art of Blade Runner: Black Lotus is a study and celebration of the artwork that went into making the first ever Blade Runner animated series. Concept art, sketchwork, pre-viz, animation tests, final frames and more, are paired alongside interviews with the masterminds behind the show to give fans the full story of Black Lotus. Respected co-directors Shinji Aramaki and Kenji Kamiyama provide an exclusive, in-depth interview that explores their relationship with the Blade Runner universe, and their intimate analyses of and inspiration behind the characters. Alcon producers describe the creative journey, that spans many years prior, behind what they envisioned for the story, how Black Lotus would fit in the wider Blade Runner narrative, and who they wanted the protagonist to be. The writers explain how they conceptualised the characters and the voice actors share their personal journeys and light-hearted anecdotes on how they brought those characters to life. The lighting and animation team also share how they captured Blade Runner's cyberpunk visual and auditory palette in a new medium for the franchise: anime. This book is illustrated to the brim with concept art that is beautifully vivid and presented in a gallery format throughout the book; organised chronologically by character, location, and event as they are introduced in the show. Readers will be able to breeze through this companion guide as they watch the show for a deeper, richer, and more personal viewing experience. At the back of the book, you'll find never-before-seen sketches of the Black Out short films that accompanied Blade Runner 2049.

"Engrossing...the first formal biography of a woman who has heretofore been relegated to the sidelines."—The New York Times From the author of the New York Times bestseller *A Woman of No Importance*, a long overdue tribute to the extraordinary woman who was Winston Churchill's closest confidante, fiercest critic and shrewdest advisor that captures the intimate dynamic of one of history's most fateful marriages. Late in life, Winston Churchill claimed that victory in the Second World War would have been "impossible" without the woman who stood by his side for fifty-seven turbulent years. Why, then, do we know so little about her? In this landmark biography, a finalist for the Plutarch prize, Sonia Purnell finally gives Clementine Churchill her due. Born into impecunious aristocracy, the young Clementine Hozier was the target of cruel snobbery. Many wondered why Winston married her, when the prime minister's daughter was desperate for his attention. Yet their marriage proved to be an exceptional partnership. "You know," Winston confided to FDR, "I tell Clemmie everything." Through the ups and downs of his tumultuous career, in the tense days when he stood against Chamberlain and the many months when he helped inspire his fellow countrymen and women to keep strong and carry on, Clementine made her husband's career her mission, at the expense of her family, her health and, fatefully, of her children. Any real consideration of Winston Churchill is incomplete without an understanding of their relationship. Clementine is both the first real biography of this remarkable woman and a fascinating look inside their private world. "Sonia Purnell has at long last given Clementine Churchill the biography she deserves. Sensitive yet clear-eyed, Clementine tells the fascinating story of a complex woman struggling to maintain her own identity while serving as the conscience and principal adviser to one of the most important figures in history. I was enthralled all the way through."—Lynne Olson, bestselling author of *Citizens of London*

[Titan's Day Bloomsbury Publishing](#)

The First World War is widely conceived as a pointless conflict that destroyed a generation. Petty squabbles between emperors pushed naïve young men into a nightmare of mud and blood that killed millions and left scarred and embittered survivors. However, the ongoing reinterpretation of the First World War reveals that matters were rather more nuanced and complex. Hardship and death were all too common, but there were positive experiences, too. Vast numbers of people, for example, travelled to new parts of the world and encountered new cultures, inspiring a sense of wonder and respect. Military tactics were improved, and great military commanders of the inter-war and Second World War periods came to prominence during the First World War. The conflict also had a formative influence on politicians, writers, artists, union leaders, businessmen and some ethnic minorities, who used their participation to press for equal rights and full citizenship. This book's 16 chapters, written by a range of leading New Zealand and international historians, explains how.

What does artistic resistance look like in the twenty-first century, when disruption and dissent have been co-opted and commodified in ways that reinforce dominant systems? In *The Play in the System* Anna Watkins Fisher locates the possibility for resistance in artists who embrace parasitism—tactics of complicity that effect subversion from within hegemonic structures. Fisher tracks the ways in which artists on the margins—from hacker collectives like *Urbemorgen* to feminist writers and performers like Chris Kraus—have willfully abandoned the radical scripts of opposition and refusal long identified with anticapitalism and feminism. Space for resistance is found instead in the mutually, if unevenly, exploitative relations between dominant hosts giving only as much as required to appear generous and parasitical actors taking only as much as they can get away with. The irreverent and often troubling works that result raise necessary and difficult questions about the conditions for resistance and critique under neoliberalism today.

Mel Brooks' own words telling all about the players, the filming, and studio antics during the production of this great comedy classic. The book is alive and teeming with hundreds of photos, original interviews, and hilarious commentary. *Young Frankenstein* was made with deep respect for the craft and history of cinema—and for the power of a good schwanztucker joke. This picture-driven book, written by one of the greatest comedy geniuses of all time, takes readers inside the classic film's marvelous creation story via never-before-seen black and white and color photography from the set and contemporary interviews with the cast and crew, most notably, legendary writer-director Mel Brooks. With access to more than 225 behind-the-scenes photos and production stills, and with captions written by Brooks, this book will also rely on interviews with gifted director of photography Gerald Hirschfeld, Academy Award-winning actress Cloris Leachman and veteran producer Michael Gruskoff. Mel Brooks is an American film director, screenwriter, comedian, actor, producer, composer and songwriter. Brooks is best known as a creator of broad film farces and comic parodies including *The Producers*, *The Twelve Chairs*, *Blazing Saddles*, *Young Frankenstein*, *Silent Movie*, *High Anxiety*, *History of the World, Part I*, *Spaceballs* and *Robin Hood: Men in Tights*. More recently, he had a smash hit on Broadway with the musical adaptation of his first film, *The Producers*. An EGOT winner, he received a Kennedy Center Honor in 2009, the 41st AFI Life Achievement Award in June 2013, and a British Film Institute Fellowship in March 2015. Three of Brooks' classics have appeared on AFI's 100 Years...100 Laughs list. *Blazing Saddles* at number 6, *The Producers* at number 11, and *Young Frankenstein* at number 13. Judd Apatow is one of the most important comic minds of his generation. He wrote and directed the films *The 40-Year-Old Virgin* (co-written with Steve Carell), *Knocked Up*, *Funny People*, and *This Is 40*, and his producing credits include *Superbad*, *Bridesmaids*, and *Anchorman*. Apatow is the executive producer of HBO's *Girls*.

A biography of George Orwell, this book restores a sense of drama and passion to Orwell's life, revealing him as a fascinating, even heroic character struggling to achieve his ambitions against a background of great public and private turmoil.

[Winston Churchill Michael O'Mara Books](#)

Churchill is today remembered as a great leader, a war hero, a literary heavyweight and a renowned wit. This incarnation of Churchill is the latest in a long-evolving identity, which at various times has sustained his power, enhanced his popularity and enabled him to personify aspects of British national identity. Indeed Churchill was more aware than most of the performative power of his public life. He lived in an age of the illustrated mass-produced newspaper, with its cartoons and 'Kodak-snappers'. He was well-known for his readiness to appear in uniform for photo opportunities during the Second World War and he not only wrote about the art of political caricature, but collected cartoons of himself, his allies and opponents. In this heavily-illustrated book, Jonathan Black considers the changing image of Churchill in visual art, from cartoons and paintings to photographs and sculptures. He asks how and why his image developed right up to the present day and examines the extent to which Churchill was complicit in its production.

A unique and absorbing account of Churchill's life during World War I, as written by his battalion's adjutant who would later become his friend. Following his resignation from the Government after the disastrous Gallipoli campaign, Winston Churchill's political career stalled. Never one to give in, Churchill was determined to continue fighting the enemy. He was already a Major in the Territorial Reserve and he was offered promotion to Lieutenant Colonel and with it command of a battalion on the Western Front. On 5 January 1916, Churchill took up his new post with the 6th (Service) Battalion, Royal Scots Fusiliers. The battalion's adjutant was Captain Andrew Dewar Gibb who formed a close relationship with Churchill that lasted far beyond their few weeks together in the war. Dewar Gibb subsequently wrote an account of his and Churchill's time together in the trenches. Packed with amusing anecdotes and fascinating detail, Gibb's story shows an entirely different side to Churchill's character from the forceful public figure normally presented to the world. Churchill proved to be a caring and compassionate commander and utterly fearless. Despised on his arrival, he was adored by his men by the time he departed . . . Supplemented with many of Churchill's letters, the observations of other officers and additional narrative, this is the most unusual and absorbing account of this part of Churchill's life that has ever been told. Praise for With Winston Churchill at the Front "A good book for anyone interested in Churchill, and also for those who might want to learn more about command at the front during the Great War." —The NYMAS Review "This is a view of Churchill different from every episode in his memorable life." —Roads to the Great War

Titan's revolution is coming. All it needs is one final spark. Kale Drayton knows his place. As a Ringer born on Titan, he's used to keeping his head down and his mouth shut - no matter how much the Earthers abuse him or his own kind berate him. So, when he's caught stealing from a wealthy merchant, he's lucky to be sentenced to low-paying maintenance work on a gas-harvesting ship instead of life in a cell... or worse. But when his mother is quarantined, Kale finds himself backed into a corner. To pay for her medicine, he needs money - the kind of money he'll never make sweeping floors and cleaning ships. When he receives a mysterious offer asking him to do a simple job in exchange for his mother's treatment, Kale takes a chance once more. All he must do is upload a program onto his employer's ship and all of his problems will disappear. What starts as a straightforward smuggling gig soon reveals its shattering repercussions. The people who hired Kale are more dangerous than he suspected - and he's more important to them than he ever could have imagined. Grab the exciting sequel to Titanborn, which will transport you to the other side of the conflict on Titan, and the Ringers' fight for independence.

Gender and Civilian Victimization in War Massey University Press

This book looks at the role of popular music in constructing the myth of the First World War. Since the late 1950s over 1,500 popular songs from more than forty countries have been recorded that draw inspiration from the War. National Myth and the First World War in Modern Popular Music takes an inter-disciplinary approach that locates popular music within the framework of 'memory studies' and analyses how songwriters are influenced by their

country's 'national myths'. How does popular music help form memory and remembrance of such an event? Why do some songwriters stick rigidly to culturally dominant forms of memory whereas others seek an oppositional or transnational perspective? The huge range of musical examples include the great chansonniers Jacques Brel and Georges Brassens; folk maestros including Al Stewart and Eric Bogle; the socially aware rock of The Kinks and Pink Floyd; metal legends Iron Maiden and Bolt Thrower and female iconoclasts Diamanda Galás and PJ Harvey.

The Eccentric Mr Churchill Penguin

A comprehensive and definitive volume telling the complete story of how Alien was made, featuring new interviews with Ridley Scott and other production crew, and including many rarely-seen photos and illustrations from the Fox archives. In 1979 a movie legend was born, as Twentieth Century-Fox and director Ridley Scott unleashed Alien - and gave audiences around the world the scare of their lives. To celebrate the movie's fortieth anniversary, author J.W. Rinzler (The Making of Star Wars) tells the whole fascinating story of how Alien evolved from a simple idea in the mind of writer Dan O'Bannon into one of the most memorable sci-fi horror thrillers of all time. With brand new interviews with Ridley Scott and other key members of the original production crew, and featuring many never-before-seen photographs and artworks from the archives, The Making of Alien is the definitive work on this masterpiece of popular cinema.

Young Frankenstein: A Mel Brooks Book Oxford University Press

"The city of Titanshade pulses with nervous energy. The discovery of new riches beneath its snowfields has given residents hope for prosperity, but it also means the arrival of federal troops, along with assurances that they are only there to "stabilize the situation". In an alley, a gruesome discovery: the mutilated body of a young woman, a recent immigrant so little-regarded that not even her lovers bothered to learn her name. But in death, she's found a champion. Detective Carter single-mindedly pursues the killer as he navigates political pressures and resists becoming a pawn in the struggles tipping the city toward anarchy. But when more innocent lives are lost and time runs short, he's forced to decide if justice is worth sparking all-out war in the streets during the biggest celebration of the year: Titan's Day."--*Clementine* National Geographic Books
