Titan Springer

A new planet. A new battle. Same war. After barely surviving his last tour on Mars, Master Sergeant Michael Venn finds himself back on earth in enforced isolation. Through a dangerous series of operations he returns to Mars to further his investigation into the Drifters -- ancient artifacts suddenly reawakened on the red planet. But another front in the war leads his team to make the difficult journey to Saturn's moon, Titan. Here, in the cauldron of war, hides new truths about the Drifters, the origin of life in our solar system and the plans of the supposedly benevolent Gurus, who have been "sponsoring" and supporting humanity in their fight against outside invaders. Killing Titan is the second book in the epic interstellar War Dogs trilogy from master of science fiction, Greg Bear.

The Art of Blade Runner: Black Lotus Faber & Faber

The Teen Titans are farther apart than ever before É until Damian Wayne recruits Starfire, Raven, Beast Boy and the new Kid Flash to join him in a fight against his own grandfather, Ra Ó's al Ghul! But true leadership is more than just calling the shots-is Robin really up to the task? Or will the Teen Titans dismiss this diminutive dictator?

The Art and Making of The Expanse Penguin

Seventeen-year-old Astrid Sullivan belongs to a family of compulsive gamblers, and now that her father has been laid off from his job in Detroit and lost all their money betting on the Titans, which are half-horse, half car, and race around impossible tracks, her family is falling apart—but when Astrid's new friends give her the chance to participate in this year's Titan races, she thinks she sees a way to win some money and keep her family together.

Nova Terra: Titan Titan Books

"The city of Titanshade pulses with nervous energy. The discovery of new riches beneath its snowfields has given residents hope for prosperity, but it also means the arrival of federal troops, along with assurances that they are only there to "stabilize the situation". In an alley, a gruesome discovery: the mutilated body of a young woman, a recent immigrant so little-regarded that not even her lovers bothered to learn her name. But in death, she's found a champion. Detective Carter single-mindedly pursues the killer as he navigates political pressures and resists becoming a pawn in the struggles tipping the city toward anarchy. But when more innocent lives are lost and time runs short, he's forced to decide if justice is worth sparking all-out war in the streets during the biggest celebration of the year: Titan's Day."--

Black Titan Orbit

A New York Times bestseller! A New York Times Book Review Notable Book of 2017 A dual biography of Winston Churchill and George Orwell, who preserved democracy from the threats of authoritarianism, from the left and right alike. Both George Orwell and Winston Churchill came close to death in the mid-1930s—Orwell shot in the neck in a trench line in the Spanish Civil War, and Churchill struck by a car in New York City. If they'd died then, history would scarcely remember them. At the time, Churchill was a politician on the outs, his loyalty to his class and party suspect. Orwell was a mildly successful novelist, to put it generously. No one would have predicted that by the end of the 20th century they would be considered two of the most important people in British history for having the vision and courage to campaign tirelessly, in words and in deeds, against the totalitarian threat from both the left and the

right. In a crucial moment, they responded first by seeking the facts of the matter, seeing through the lies and obfuscations, and then they acted on their beliefs. Together, to an extent not sufficiently appreciated, they kept the West's compass set toward freedom as its due north. It's not easy to recall now how lonely a position both men once occupied. By the late 1930's, democracy was discredited in many circles, and authoritarian rulers were everywhere in the ascent. There were some who decried the scourge of communism, but saw in Hitler and Mussolini "men we could do business with," if not in fact saviors. And there were others who saw the Nazi and fascist threat as malign, but tended to view communism as the path to salvation. Churchill and Orwell, on the other hand, had the foresight to see clearly that the issue was human freedom—that whatever its coloration, government that denied its people basic freedoms was a totalitarian menace and had to be resisted. In the end, Churchill and Orwell proved their age's necessary men. The glorious climax of Churchill and Orwell is the work they both did in the decade of the 1940's to triumph over freedom's enemies. And though Churchill played the larger role in the defeat of Hitler and the Axis, Orwell's reckoning with the menace of authoritarian rule in *Animal Farm* and 1984 would define the stakes of the Cold War for its 50-year course, and continues to give inspiration to fighters for freedom to this day. Taken together, in Thomas E. Ricks's masterful hands, their lives are a beautiful testament to the power of moral conviction, and to the courage it can take to stay true to it, through thick and thin. Churchill and Orwell is a perfect gift for the holidays!

Gemini Man - The Art and Making of the Film DC Comics

The First World War is widely conceived as a pointless conflict that destroyed a generation. Petty squabbles between emperors pushed naïve young men into a nightmare of mud and blood that killed millions and left scarred and embittered survivors. However, the ongoing reinterpretation of the First World War reveals that matters were rather more nuanced and complex. Hardship and death were all too common, but there were positive experiences, too. Vast numbers of people, for example, travelled to new parts of the world and encountered new cultures, inspiring a sense of wonder and respect. Military tactics were improved, and great military commanders of the inter-war and Second World War periods came to prominence during the First World War. The conflict also had a formative influence on politicians, writers, artists, union leaders, businessmen and some ethnic minorities, who used their participation to press for equal rights and full citizenship. This book's 16 chapters, written by a range of leading New Zealand and international historians, explains how.

Teen Titans Go! (TM): Cyborg Circuit Overload Vintage

The grandson of slaves, born into poverty in 1892 in the Deep South, A. G. Gaston died more than a century later with a fortune worth well over \$130 million and a business empire spanning communications, real estate, and insurance. Gaston was, by any measure, a heroic figure whose wealth and influence bore comparison to J. P. Morgan and Andrew Carnegie. Here, for the first time, is the story of the life of this extraordinary pioneer, told by his niece and grandniece, the award-winning television journalist Carol Jenkins and her daughter Elizabeth Gardner Hines. Born at a time when the bitter legacy of slavery and Reconstruction still poisoned the lives of black Americans, Gaston was determined to make a difference for himself and his people. His first job, after serving in the celebrated all-black regiment during World War I, bound him to the near-slavery of an Alabama coal mine—but even here Gaston saw not only hope but opportunity. He launched a business selling lunches to fellow miners, soon established a rudimentary bank—and from then on there was no stopping him. A kind of black Horatio Alger, Gaston let a single, powerful question be his guide: What do our people need now? His success flowed from an uncanny genius for knowing the answer. Combining rich family lore with a deep knowledge of American social and economic history, Carol Jenkins and Elizabeth Hines unfold Gaston's success story against the backdrop of a century of crushing racial hatred and bigotry. Gaston not only survived the hardships of being black during the Depression, he flourished, and by the 1950s he was ruling a Birmingham-based business empire. When the movement for civil rights swept through the South in the late 1950s and early 1960s, Gaston provided critical financial support to many activists. At the time of his death in 1996, A. G. Gaston was one of the wealthiest black men in America, if not the wealthiest. But his legacy extended far beyond the monetary. He was a man who had proved it was possible to overcome staggering odds and make a place for himself as a leader, a captain of industry, and a far-sighted philanthropist. Writing with grace and power, Jenkins

and Hines bring their distinguished ancestor fully to life in the pages of this book. Black Titan is the story of a man who created his own future—and in the process, blazed a future for all black businesspeople in America.

Clementine Artmedia (Acc)

A unique and absorbing account of Churchill's life during World War I, as written by his battalion's adjutant who would later become his friend. Following his resignation from the Government after the disastrous Gallipoli campaign, Winston Churchill's political career stalled. Never one to give in, Churchill was determined to continue fighting the enemy. He was already a Major in the Territorial Reserve and he was offered promotion to Lieutenant Colonel and with it command of a battalion on the Western Front. On 5 January 1916, Churchill took up his new post with the 6th (Service) Battalion, Royal Scots Fusiliers. The battalion's adjutant was Captain Andrew Dewar Gibb who formed a close relationship with Churchill that lasted far beyond their few weeks together in the war. Dewar Gibb subsequently wrote an account of his and Churchill's time together in the trenches. Packed with amusing anecdotes and fascinating detail, Gibb's story shows an entirely different side to Churchill's character from the forceful public figure normally presented to the world. Churchill proved to be a caring and compassionate commander and utterly fearless. Despised on his arrival, he was adored by his men by the time he departed . . . Supplemented with many of Churchill's letters, the observations of other officers and additional narrative, this is the most unusual and absorbing account of this part of Churchill's life that has ever been told. Praise for *With Winston Churchill at the Front* "A good book for anyone interested in Churchill, and also for those who might want to learn more about command at the front during the Great War." —The NYMAS Review "This is a view of Churchill different from every episode in his memorable life." —Roads to the Great War

Titans National Geographic Books

Trapped in his own body by a debilitating medical condition, Xavier Lee seeks reprieve from his giant-sized problems through full immersion into the game world of Nova Terra. Billed as the first true alternate reality, Nova Terra runs parallel to the real world and promises to fulfill the fantasies and desires of those who dare plunge into its mysterious depths. In order to adjust to his new life of quests, skill mastery, and magic, Xavier will have to forget everything he knows. As he struggles to make the most of his new-found freedom, Xavier will have to learn to deal with a new body, new friends, and a new world that is much more than it seems. Nova Terra, your dreams, your world.

Melville in Love Massey University Press

This original book gives a revealing picture of the extraordinarily talented group of men and women who produced *Horizon*, the foremost literary review of the 1940s. Published monthly in Bloomsbury, *Horizon* was a cultural beacon during the dark days of the Second World War; it was brilliantly eclectic and fiercely independent. Its principal editor, Cyril Connolly, regarded the pleasures of life and art as inseparable, cultivating his love of literature with the same intensity that characterized his love of good food and fine wine, and beautiful women. He published in *Horizon* the best and most influential writers of the period, among them W. H. Auden, T. S. Eliot, Graham Greene, Arthur Koestler, George Orwell, Edith Sitwell, Dylan Thomas, Evelyn Waugh, and many others. The dedicated circle of friends assisting Connolly included Peter Watson, *Horizon*'s sophisticated publisher who supported the magazine generously with money inherited from his millionaire father, and who - as art editor - introduced readers to important new works by such artists as Francis Bacon, Lucian Freud, and Henry Moore. Stephen Spender helped to start the magazine and the staff also included the ambitious Sonia Brownell who eventually married George Orwell, and Lys Lubbock - an engaging, attractive woman who became the business manager, and who lived with Connolly for most of the 1940s. Drawing on interviews and unpublished documents, Michael Shelden provides an intimate account of literary life in a fascinating period of history, skilfully recreating the world of *Horizon*, and bringing vividly to life the colourful individuals who made the magazine a legend in its time.

Rise of the Wolverines Candlewick Press (MA)

The Art of Blade Runner: Black Lotus is a study and celebration of the artwork that went into making the first ever *Blade Runner* animated series. *The Art of Blade Runner: Black Lotus* is a study and celebration of the artwork that went into making the first ever *Blade Runner* animated series. Concept art, sketchwork, pre-viz, animation tests, final frames and more, are paired alongside interviews with the masterminds behind the show to give fans the full story of *Black Lotus*. Respected co-directors Shinji Aramaki and Kenji Kamiyama provide an exclusive, in-depth interview that explores their relationship with the *Blade Runner* universe, and their intimate analyses of and inspiration behind the characters. Alcon producers

describe the creative journey, that spans many years prior, behind what they envisioned for the story, how *Black Lotus* would fit in the wider *Blade Runner* narrative, and who they wanted the protagonist to be. The writers explain how they conceptualised the characters and the voice actors share their personal journeys and light-hearted anecdotes on how they brought those characters to life. The lighting and animation team also share how they captured *Blade Runner's* cyberpunk visual and auditory palette in a new medium for the franchise: anime. This book is illustrated to the brim with concept art that is beautifully vivid and presented in a gallery format throughout the book; organised chronologically by character, location, and event as they are introduced in the show. Readers will be able to breeze through this companion guide as they watch the show for a deeper, richer, and more personal viewing experience. At the back of the book, you'll find never-before-seen sketches of the *Black Out* short films that accompanied *Blade Runner 2049*.

With Winston Churchill at the Front Little, Brown Books for Young Readers

Titan's revolution is coming. All it needs is one final spark. Kale Drayton knows his place. As a Ringer born on Titan, he's used to keeping his head down and his mouth shut - no matter how much the Earthers abuse him or his own kind berate him. So, when he's caught stealing from a wealthy merchant, he's lucky to be sentenced to low-paying maintenance work on a gas-harvesting ship instead of life in a cell... or worse. But when his mother is quarantined, Kale finds himself backed into a corner. To pay for her medicine, he needs money - the kind of money he'll never make sweeping floors and cleaning ships. When he receives a mysterious offer asking him to do a simple job in exchange for his mother's treatment, Kale takes a chance once more. All he must do is upload a program onto his employer's ship and all of his problems will disappear. What starts as a straightforward smuggling gig soon reveals its shattering repercussions. The people who hired Kale are more dangerous than he suspected - and he's more important to them than he ever could have imagined. Grab the exciting sequel to *Titanborn*, which will transport you to the other side of the conflict on Titan, and the Ringers' fight for independence.

Friends of Promise Penguin

Meet the 'Bell' in Taco Bell. At 16, Glen Bell rode the rails across America looking for work, he built an innovative restaurant near a drive-in owned by brothers named McDonald, who borrowed his ideas. His early partners were entertainer Phil Crosby and L A Rams football stars, he was a mentor to employees who later founded Wienerschnitzel and Del Taco. Glen expanded Taco Bell nation-wide, then sold it for \$130 million and today at Bell Gardens, he uses wealth to benefit children, runs his own train, and battles disability with the same determination he used to build Taco Bell.

Once Upon a Time One World

100 objects selected by the animator Ray Harryhausen's daughter - packed with personal stories that have never previously been heard or publishedA fascinating examination of the work of the pioneer of the special effects that we see in modern cinemaContributions from experts in the field and in conjunction with the Ray and Diana Harryhausen FoundationA broad readership drawn from those who appreciate art, film, science fiction and fantasyTells the story of the man who changed the face of modern cinema - the pioneer of stop-motion animationSteven Spielberg and Tom Hanks are among his legion of fansEntries often include earlier versions of finished models and sketches of scenes that illustrate how Harryhausen worked and developed his modelsAccompanies a major exhibition at the National Galleries of Scotland from October 2020 Special effects superstar Ray Harryhausen elevated stop-motion animation to an art during the 1950s to 1980s. With material drawn from his incredible archive, his daughter, Vanessa, selects 100 creatures and objects that meant the most to her as she watched her father make world-famous films that changed the course of cinema. The book includes many newly restored works and items that have never previously been seen. In addition to Vanessa's reflections, many of those who worked with Harryhausen or were inspired by him add their own memories and comments. Ray Harryhausen's work included the films *Jason and the Argonauts*, the *Sinbad* films of the '50s and

'70s, *One Million Years B.C* and *Mighty Joe Young*, and a wider portfolio including children's fairy tales and commercials. He also inspired a generation of film-makers such as Peter Jackson, Tim Burton, George Lucas, and Steven Spielberg, and his influence on blockbuster cinema can be felt to this day. 2020 will be the 100th anniversary of his birth.

Assassin's Creed: The Essential Guide National Geographic Books

This book looks at the role of popular music in constructing the myth of the First World War. Since the late 1950s over 1,500 popular songs from more than forty countries have been recorded that draw inspiration from the War. *National Myth and the First World War in Modern Popular Music* takes an inter-disciplinary approach that locates popular music within the framework of 'memory studies' and analyses how songwriters are influenced by their country's 'national myths'. How does popular music help form memory and remembrance of such an event? Why do some songwriters stick rigidly to culturally dominant forms of memory whereas others seek an oppositional or transnational perspective? The huge range of musical examples include the great chansonniers Jacques Brel and Georges Brassens; folk maestros including Al Stewart and Eric Bogle; the socially aware rock of The Kinks and Pink Floyd; metal legends Iron Maiden and Bolt Thrower and female iconoclasts Diamanda Galás and PJ Harvey.

Okja: The Art and Making of the Film Frontline Books

Joe Alves: Designing JAWS provides the production designer's view into the development of this world-renowned film.

Included are Joe's stunning pre-production illustrations; handwritten location and production notes; on-set photographs; blueprints of the shark's design; and first-time publication of his complete catalog of storyboards. *Joe Alves: Designing JAWS* is a must-have addition to every film reference library. Universal Studios' *JAWS* is one of the most compelling and enduring movies ever made. Thrilling generations of audiences worldwide with its tight plot, memorable characters, and groundbreaking special effects - those that brought the great white shark to terrifying life even after many said it couldn't be done. Buoyed by an energetic young director, Steven Spielberg, and through collaboration with trusted and equally determined production designer Joe Alves, the two proved integral to the making of this classic motion picture. Painstakingly compiled and written by Joe Alves' biographer and *JAWS* expert, Dennis Prince, *Joe Alves: Designing JAWS* is a must-have addition to every film reference library.

Percy Jackson and the Olympians, Book Three: The Titan's Curse Bookworld Services

The posthumous diagnosis of Winston Churchill as manic-depressive has been drawn entirely from biographical information, which, though significant to understanding his life and mind, has often been misused or misunderstood. This book investigates how such materials have been interpreted (and misinterpreted) in relation to Churchill's mental health, taking a particularly close look at his association with nerves or "neurasthenia." Included are appendices on Churchill's remedies for worry and mental overstrain and an investigation of his mental state after losing the 1945 general election.
