Children and the Internet Henry Holt and Company (BYR)

A children's picture book about a grandmother bonding with her granddaughters as she teaches them how much they can learn from nature just by being curious.

Somebody Loves You, Mr. Hatch

Simon and Schuster

In her eagerly-awaited second book for children, *In My Family/En mi familia*, internationally-renowned artist Carmen Lomas Garza takes us once again to her hometown of Kingsville, Texas, near the border with Mexico. Through vibrant paintings and warm personal stories, Carmen brings to life more loving memories of growing up in a traditional Mexican American community: eating empanadas, witnessing the blessing on her cousin's wedding day, and dancing to the conjunto band at the neighborhood restaurant."

The Hula-Hoopin' Queen Baker Books

"What we have here is a bad case of stripes. One of the worst I've ever seen!" Camilla Cream loves lima beans, but she never eats them. Why? Because the other kids in her school don't like them. And Camilla Cream is very, very worried about what other people think of her. In fact, she's so worried that she's about to break out in...a bad case of stripes!

How to Trick the Tooth Fairy Penguin

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

My Steps Houghton Mifflin Harcourt

The far right is back with a vengeance. After several decades at the political margins, far-right politics has again taken center stage. Three of the world's largest democracies - Brazil, India, and the United States - now have a radical right leader, while far-right parties continue to increase their profile and support within Europe. In this timely book, leading global expert on

political extremism Cas Mudde provides a concise overview of the fourth wave of postwar far-right politics, exploring its history, ideology, organization, causes, and consequences, as well as the responses available to civil society, party, and state actors to challenge its ideas and influence. What defines this current far-right renaissance, Mudde argues, is its mainstreaming and normalization within the contemporary political landscape. Challenging orthodox thinking on the relationship between conventional and far-right politics, Mudde offers a complex and insightful picture of one of the key political challenges of our time.

Where Wonder Grows John Wiley & Sons

Jan Richardson, best-selling author of *The Next Step in Guided Reading* and *Next Step Guided Reading Assessment* shows teachers how to plan and teach successful, well-paced lessons from start to finish.

Koala Lou Guilford Publications

Describes the philosophy of the Daily 5 teaching structure, includes a collection of literacy tasks for students to complete daily, and shares the Daily 3 for math.

The Next Step Forward in Guided Reading Lee & Low Books

Nothing can ruin a new school year...except maybe a pesky little brother. This Step 4 reader is the perfect back-to-school story for newly independent readers! Will should be excited to start third grade. But his little brother, Steve, is starting kindergarten. The same laugh-out-loud writing and hilarious illustrations that brought us *How Not to Babysit Your Brother* now portray the tribulations and embarrassments of starting school with a very troublesome little brother. School will never be the same! Step 4 Readers use challenging vocabulary and short paragraphs to tell exciting stories. For newly

independent readers who read simple sentences with confidence.

Grit John Wiley & Sons

Have you ever closed your Bible and thought, What did I just read? Whether you're brand-new to the Bible or you grew up in the second pew, reading Scripture can feel confusing or boring at times.

Understanding it well seems to require reading it thoroughly (and even repeatedly), but who wants to read something they don't understand? If you've ever wanted to read through the Bible or even just wanted to want to read it, *The Bible Recap* is here to help. Following a chronological Bible reading plan, these recaps explain and connect the story of Scripture, section by section.

Soon you'll see yourself as a child of God who knows and loves His Word in the ways you've always hoped for. You don't have to go to seminary. You don't need a special Bible. Just start reading this book alongside your Bible and see what God has to say about Himself in the story He's telling. "Tara-Leigh gets me excited to read the Bible. Period. I have found a trusted guide to walk me into deeper understanding of the Scriptures."--MICHAEL DEAN MCDONALD, the Bible Project

The Far Right Today Stenhouse Publishers

The YouTube Formula Children's Book Press

Much has been written on the topic of guided reading over the last twenty years, but no other leaders in literacy education have championed the

topic with such depth and breadth as Irene Fountas and Gay Su Pinnell. In the highly anticipated second edition of Guided Reading, Fountas and Pinnell remind you of guided reading's critical value within a comprehensive literacy system, and the reflective, responsive teaching required to realize its full potential. Now with Guided Reading, Second Edition, (re)discover the essential elements of guided reading through: a wider and more comprehensive look at its place within a coherent literacy system a refined and deeper understanding of its complexity an examination of the steps in implementation--from observing and assessing literacy behaviors, to grouping in a thoughtful and dynamic way, to analyzing texts, to teaching the lesson the teaching for systems of strategic actions a rich text base that can support and extend student learning the re-emerging role of shared reading as a way to lead guided and independent reading forward the development of managed independent learning across the grades an in-depth exploration of responsive teaching the role of facilitative language in supporting change over time in students' processing systems the identification of high-priority shifts in learning to focus on at each text level the creation of a learning environment within which literacy and language can flourish. Through guided reading, students learn how to engage in every facet of the reading process and apply their reading power to all literacy contexts. Also check out our new on-demand mini-course: *Introducing Texts Effectively in Guided Reading Lessons* **The Songs of St Petersburg** Stenhouse Publishers This ebook includes audio narration. A deliciously imaginative story about friendship--from the author / illustrator of *The Scrambled States of America*. Arnie was fascinated as he watched the customers stream into the bakery. One by one, doughnuts

were chosen, placed in paper bags, and whisked away with their new owners. Some went by the dozen in giant boxes. "Good-bye!" Arnie yelled to each doughnut. "Have a good trip!" "This is so exciting!" Arnie beamed. "I wonder who will choose ME?" At first glance, Arnie looks like an average doughnut—round, cakey, with a hole in the middle, iced and sprinkled. He was made by one of the best bakeries in town, and admittedly his sprinkles are candy-colored. Still, a doughnut is just a doughnut, right? WRONG! Not if Arnie has anything to say about it. And, for a doughnut, he sure seems to have an awful lot to say. Can Arnie change the fate of all doughnuts—or at least have a hand in his own future? Well, you'll just have to read this funny story and find out for yourself. This title has Common Core connections Arnie, the Doughnut is a 2004 Bank Street - Best Children's Book of the Year.

Strong to the Hoop Simon and Schuster
This book is about making machine learning models and their decisions interpretable. After exploring the concepts of interpretability, you will learn about simple, interpretable models such as decision trees, decision rules and linear regression. Later chapters focus on general model-agnostic methods for interpreting black box models like feature importance and accumulated local effects and explaining individual predictions with Shapley values and LIME. All interpretation methods are explained in depth and discussed critically. How do they work under the hood? What are their strengths and weaknesses? How can their outputs be interpreted? This book will enable you to select and correctly apply

the interpretation method that is most suitable for your machine learning project.

The Invisible Boy F&P Professional Books and Mul From the New York Times bestselling author of Rules of Civility. 'A comic masterpiece.' The Times 'Winning . . . gorgeous . . . satisfying . . . Towles is a craftsman.' New York Times Book Review 'A work of great charm, intelligence and insight.' Sunday Times 'Everything a novel should be: charming, witty, poetic and generous. An absolute delight.' Mail on Sunday 'If we do a better book than this one on the book club this year we will be very very lucky.' Matt Williams, Radio 2 Book Club 'Abundant in humour, history and humanity' Sunday Telegraph 'Wistful, whimsical and wry.' Sunday Express On 21 June 1922 Count Alexander Rostov - recipient of the Order of Saint Andrew, member of the Jockey Club, Master of the Hunt - is escorted out of the Kremlin, across Red Square and through the elegant revolving doors of the Hotel Metropol. But instead of being taken to his usual suite, he is led to an attic room with a window the size of a chessboard. Deemed an unrepentant aristocrat by a Bolshevik tribunal, the Count has been sentenced to house arrest indefinitely. While Russia undergoes decades of tumultuous upheaval, the Count, stripped of the trappings that defined his life, is forced to question what makes us who we are. And with the assistance of a glamorous actress, a cantankerous chef and a very serious child, Rostov unexpectedly discovers a new understanding of both pleasure and purpose.

Going Places Simon and Schuster Don't simply show your data—tell a story with it! Storytelling with Data teaches you the fundamentals of data visualization and how to communicate effectively with data. You'll discover the power of storytelling and the way to make data a pivotal point in your story. The lessons in this illuminative text are grounded

in theory, but made accessible through numerous real-world examples—ready for immediate application to your next graph or presentation. Storytelling is not an inherent skill, especially when it comes to data visualization, and the tools at our disposal don't make it any easier. This book demonstrates how to go beyond conventional tools to reach the root of your data, and how to use your data to create an engaging, informative, compelling story. Specifically, you'll learn how to: Understand the importance of context and audience Determine the appropriate type of graph for your situation Recognize and eliminate the clutter clouding your information Direct your audience's attention to the most important parts of your data Think like a designer and utilize concepts of design in data visualization Leverage the power of storytelling to help your message resonate with your audience Together, the lessons in this book will help you turn your data into high impact visual stories that stick with your audience. Rid your world of ineffective graphs, one exploding 3D pie chart at a time. There is a story in your data—Storytelling with Data will give you the skills and power to tell it!
