Jace Stanford has lost family, friends, and his arm to the zombie apocalypse that hit his subdivision of Whispering Pines. But he's also gained something he never in a million years would have thought would be a plus: the cannibal savant known as Elsbeth. Now Jace needs Elsbeth's help more than ever.

But is she up to the task when her past is revealed? A past that is possibly more shocking than the zombie apocalypse itself? Jace is gonna find out the hard way. And, as everyone knows, in Z-Burbia the hard way usually means a whole lot of people are going to die! Welcome back to Z-Burbia, y'all!

Reviews- "I have really enjoyed this series, and Z-Burbia 3: Estate of the Dead did not disappoint. It was cool to finally get a few answers on Elsbeth's past - where she came from and how she became the badass she is today. With lots of laughs, killing, and of course...zombies, this is a great series for anyone into apocalyptic thrillers. I can't wait to start book four!" -Jennifer Murphy, 5-star Goodreads review "This series gets better with every book. The action grabs you from the start and doesn't let up. Unlike a lot of zombie books these characters feel well rounded and believable. I can't wait to start on the next book." Christine Delong, 5-star Goodreads review

With society crumbling around him and violence escalating into daily life, Peter quickly learns that being a zombie isn't all fun and brains. Humans—unsympathetic, generally, to his new proclivities—try to kill him at nearly every opportunity. His old friends are loath to associate with him. And he finds himself inconveniently addicted to the gooey stuff inside of people's heads. As if all this weren't bad enough, Peter soon learns that his

automobile accident was no accident at all. Faced with the harrowing mystery of his death, Peter resolves to use his strange zombie “afterlife” to solve his own murder. Skillfully combining the genres of horror, humor, and film noir, *Zombie, Ohio* weaves an enthralling and innovative tale that any fan of the current zombie craze is sure to relish. Followers of detective and horror fiction alike will find something to love about *Zombie, Ohio*—a tale of murder, mystery, and the walking dead. **Z-Burbia: A Post Apocalyptic Zombie Adventure Novel** Max Rage Fourteen years have passed since the virus ripped through the global population, crushing the modern world and leaving the cities crawling with the infected. The immune who survived the violence of the collapse fled to remote havens like Balmorhea, a tiny town in the desert of far West Texas. There, a few hundred normals made a go of it, building walls, farming the dry dirt, and learning to thrive together. With them, Zed and Murphy, survivors of the infection are different but still human.

Distrusted and despised because of what they are, they're still the first to fight when the hordes maraud out of the wastes. Now, a new menace is lurking beyond the horizon, threatening to destroy everything they've built. Will they survive the savage violence sweeping across the desert, or will they be consumed by the FIRESTORM?
