The French writer Raymond Queneau (1903-1976) is coming to be recognized as

one of the major voices in 20th-century literature. Although twelve of his novels have been translated, *Chêne et Chien*, considered by specialists to be the keystone of his oeuvre, has not until now been available in English. Labeled a «novel in verse» by Queneau, this autobiographical poem recounts the poet's childhood, portions of that childhood revisited through psychoanalysis, and finally his joy at finding himself whole. The translator's introduction situates the work in Queneau's life and oeuvre, addresses the problem of poetry as autobiography, examines the structure of the poem itself and discusses the difficulties of translating Queneau's many moods and rich wordplay into English verse. Explanatory notes complete the volume.

The Sunday of Life, the late Raymond Queneau's tenth novel, was first published in French by Gallimard in 1951 and is now appearing for the first time in this country. In the ingenuous ex-Private Valentin Bru, the central figure in The Sunday of Life, Queneau has created that oddity in modern fiction, the Hegelian naïf. Highly self-conscious yet reasonably satisfied with his lot, imbued with the good humor inherent in the naturally wise, Valentin meets the painful nonsense of life's adventures with a slightly bewildered detachment.

This book provides a detailed example of an eye-tracking method for comparing the reading experience of a literary source text readers with readers of a translation at stylistically marked points. Drawing on principles, methods and inspiration from fields including translation studies, cognitive psychology, and language and literary studies, the author proposes an empirical method to investigate the notion of stylistic foregrounding, with 'style' understood as the distinctive manner of expression in a particular text. The book employs Raymond Queneau's *Zazie dans*

le métro (1959) and its English translation *Zazie in the Metro* (1960) as a case study to demonstrate the proposed methods. This book will be of particular interest to students and scholars of translation studies, as well as those interested in literary reception, stylistics and related fields. Callum Walker received his PhD from the Centre for Translation Studies at University College London, UK, and currently lectures at Durham University, UK. His research focuses on how biometric methods can be employed to gauge stylistic and phenomenological equivalence between a source text and its translation, with a particular focus on language varieties. .

We Always Treat Women Too Well was first published as a purported work of pulp fiction by one Sally Mara, but this novel by Raymond Queneau is a further manifestation of his sly, provocative, wonderfully wayward genius. Set in Dublin during the 1916 Easter rebellion, it tells of a nubile beauty who finds herself trapped in the central post office when it is seized by a group of rebels. But Gertie Girdle is no common pushover, and she quickly devises a coolly lascivious strategy by which, in very short order, she saves the day for king and country. Queneau's wickedly funny

send-up of cheap smut—his response to a popular bodice-ripper of the 1940s—exposes the link between sexual fantasy and actual domination while celebrating the imagination's power to transmute crude sensationalism into pleasure pure and simple.

The Flight of Icarus Macmillan

From the New York Times bestselling author of *Leaving the World* and *The Moment* comes the riveting story of a luckless college professor for whom Paris becomes a city of mortal danger. A runaway bestseller in the UK and France that has been made into a film starring Ethan Hawke and Kristin Scott Thomas, this suspenseful tour de force from the internationally renowned Douglas Kennedy is the quintessential sophisticated commercial novel. Harry Ricks is a man who has lost everything. A romantic mistake at the small American college where he used to teach has

cost him his job, his marriage, and the love of his only child. Hounded by scandal, he flees to Paris, where a series of accidental encounters lands him in a grubby room with a job as night watchman for a sinister operation. Just when he begins to think he has hit rock bottom, romance enters his life in the form of Margit—a cultivated, widowed Hungarian *é migré* who shares Harry's profound loneliness but who keeps her distance, remaining guarded about her past. As Harry wrestles with Margit's reticence, he begins to notice that all those who have recently done him wrong are meeting unfortunate ends—and it soon becomes apparent that he has stumbled into a nightmare from which there is no escape. The *Woman in the Fifth* further establishes Douglas Kennedy as an author who “always has his brilliant finger on the entertaining parts of human sorrow, fury, and narrow escapes” (Lorrie Moore).

The Flight of Icarus W. W. Norton & Company

A New York Times Bestseller "Sciolino's sharply observed account serves as a testament to...Paris—the city of light, of literature, of life itself." —The New Yorker Elaine Sciolino, the former Paris Bureau Chief of the New York Times, invites us on a tour of her favorite Parisian street, offering an homage to street life

and the pleasures of Parisian living. "I can never be sad on the rue des Martyrs," Sciolino explains, as she celebrates the neighborhood's rich history and vibrant lives. While many cities suffer from the leveling effects of globalization, the rue des Martyrs maintains its distinct allure. On this street, the patron saint of France was beheaded and the Jesuits took their first vows. It was here that Edgar Degas and Pierre-Auguste Renoir painted circus acrobats, Emile Zola situated a lesbian dinner club in his novel *Nana*, and François Truffaut filmed scenes from *The 400 Blows*. Sciolino reveals the charms and idiosyncrasies of this street and its longtime residents—the Tunisian greengrocer, the husband-and-wife cheesemongers, the showman who's been running a transvestite cabaret for more than half a century, the owner of a 100-year-old bookstore, the woman who repairs eighteenth-century mercury barometers—bringing Paris alive in all of its unique majesty. The *Only Street in Paris* will make readers hungry for Paris, for cheese and wine, and for the kind of street life that is all too quickly disappearing.

It is gradually being acknowledged that the
Arabic story-collection Thousand and One
Nights has had a major influence on
European and world literature. This study
analyses the influence of Thousand and
One Nights, as an intertextual model, on
20th-century prose from all over the world.
Works of approximately forty authors are
examined: those who were crucial to the
development of the main currents in 20th-
century fiction, such as modernism, magical
realism and post-modernism. The book
contains six thematic sections divided into
chapters discussing two or three
authors/works, each from a narratological
perspective and supplemented by
references to the cultural and literary
context. It is shown how Thousand and
One Nights became deeply rooted in
modern world literature especially in phases
of renewal and experiment.
