According to some consumer reports, ZD30 engines (particularly newer ones) receive a bad reputation on reliability. The problems that have been experienced are cracks on the cylinder block as thin as a strand of hair and on a piston requiring a rebuild. The other problem is the ECU that doesn't give the engine its maximum performance.

There are 1,094 zd30 engine suppliers, mainly located in Asia. The top supplying countries or regions are Japan, China, and Japan, which supply 1%, 96%, and 1% of zd30 engine respectively.
