The Moscow Eccentric Signet Book

...the sin of an old man is equal to about two sins of a young man. The fable-like story of an old man's sexual obsession with a young woman is a distillation of Italo Svevo's concerns--attraction of an older man to a younger woman, individual conscience versus social convention, and the cost of sexual desire. This novella is a marvel of psychological insight, following the man's vacillations and tortuous self-justifications to their tragic-comic end. It is presented here in a translation first commissioned and published by Virginia Woolf for her Hogarth Press. The Art of The Novella Series Too short to be a novel, too long to be a short story, the novella is generally unrecognized by academics and publishers. Nonetheless, it is a form beloved and practiced by literature's greatest writers. In the Art Of The Novella series, Melville House celebrates this renegade art form and its practitioners with titles that are, in many instances, presented in book form for the first time.

Headed by the larger-than-life figure of Professor Challenger, a scientific expedition sets out to explore a plateau in South America that remains frozen in time from the days when dinosaurs roamed the Earth. Seemingly impossible to penetrate, this lost world holds great danger for the four men, whether from fiendish ape-men or terrifying prehistoric creatures. Arthur Conan Doyle's classic tale of adventure and discovery still excites the reader today just as dinosaurs continue to grip the popular imagination.

A masterpiece of European literature that blends family memoir and fiction An Italian family, sizable, with its routines and rituals, crazes, pet phrases, and stories, doubtful, comical, indispensable, comes to life in the pages of Natalia Ginzburg's Family Lexicon. Giuseppe Levi, the father, is a scientist, consumed by his work and a mania for hiking--when he isn't provoked into angry remonstrance by someone misspeaking or misbehaving or wearing the wrong thing. Giuseppe is Jewish, married to Lidia, a Catholic, though neither is religious; they live in the industrial city of Turin where, as the years pass, their children find ways of their own to medicine, marriage, literature, politics. It is all very ordinary, except that the background to the story is Mussolini's Italy in its steady downward descent to race war and world war. The Levis are, among other things, unshakeable anti-fascists. That will complicate their lives. Family Lexicon is about a family and language--and about storytelling not only as a form of survival but also as an instrument of deception and domination. The book takes the shape of a novel, yet everything is true. "Every time that I have found myself inventing something in accordance with my old habits as a novelist, I have felt impelled at once to destroy [it]," Ginzburg tells us at the start. "The places, events, and people are all real."

This publication documents the 2016 exhibition "One, No One and One Hundred Thousand," which took place at Kunsthalle Wien, Karlsplatz. Curated by Luca Lo Pinto, the show took its inspiration from Oulipo, a literary strategy whose objective was to propose new "structures" for writing that were mathematical in nature. Using A Thousand Billion Poems, a 1961 book by Raymond Queneau, one of Oulipo's founders, as a manifesto for the exhibition, nine artists were invited to create new works in a display that would change depending on the wishes of the visitor. Investigating and reformulating the conventional structure and limitations of exhibition making, "One, No One and One Hundred Thousand" challenged curatorial authorship and explored potentiality. The main actor of the exhibition was the viewer who was not a consumer but a coproducer, alongside the artists and the curator. This publication, which comprises photographs, dates, time stamps, and the names of the visitors, is a record of the 178 unique exhibitions realized. Copublished with Kunsthalle Wien Contributors Luca Lo Pinto, Vanessa Joan Müller, Mathieu Copeland With artist contributions by Darren Bader, Jason Dodge, Phanos Kyriacou, Adriana Lara, Jonathan Monk, Marlie Mul, Amalia Pica, Martin Soto Climent, Lina Viste Grønli

Waking to find himself shipwrecked on a strange shore before a dark wood, the pilgrim of the Divine Comedy realizes he must set his sights higher and guide his ship to a radically different port. Starting on the sand of that very shore with Dante, John Freccero begins retracing the famous voyage recounted by the poet nearly 700 years ago. Freccero follows pilgrim and poet through the Comedy and then beyond, inviting readers both uninitiated and accomplished to join him in navigating this complex medieval masterpiece and its influence on later literature. Perfectly impenetrable in its poetry and unabashedly ambitious in its content, the Divine Comedy is the cosmos collapsed on itself, heavy with dense matter and impossible to expand. Yet Dante's great triumph is seen in the tiny, subtle fragments that make up the seamless whole, pieces that the poet painstakingly sewed together to form

a work that insinuates itself into the reader and inspires the work of the next author. Freccero magnifies the most infinitesimal elements of that intricate construction to identify self-similar parts, revealing the full breadth of the great poem. Using this same technique, Freccero then turns to later giants of literature--Petrarch, Machiavelli, Donne, Joyce, and Svevo--demonstrating how these authors absorbed these smallest parts and reproduced Dante in their own work. In the process, he confronts questions of faith, friendship, gender, politics, poetry, and sexuality, so that traveling with Freccero, the reader will both cross unknown territory and reimagine familiar faces, swimming always in Dante's wake.

Why Did I Ever New York Review of Books

The Great Gatsby (1925) is a novel by F. Scott Fitzgerald. Published at the height of Fitzgerald's career as a leading writer of American fiction, The Great Gatsby was reviewed poorly by contemporary critics, but has since been recognized as a groundbreaking work for its vision of American decadence and decay. Adapted into several influential films and adored by generations of readers and writers, The Great Gatsby is not only Fitzgerald's crowning achievement, but one of the finest novels ever written. Nick Carraway is a young veteran and Yale graduate who moves to New York in search of work. He rents a bungalow on Long Island next door to the extravagant mansion of Jay Gatsby, a magnanimous millionaire with a mysterious past. There, he reconnects with his distant cousin Daisy and her husband Tom Buchanan, a flagrant philanderer who brings Nick to the city in order to spend time with Myrtle, his impoverished mistress. Soon, he receives an invitation to a party at the Gatsby mansion, where he gets terribly drunk and meets his neighbor, who swears they served together in the Great War. As time goes by, the two begin a tenuous friendship bolstered by stories of the war and a mutual fondness for alcohol. When Nick discovers that Gatsby and Daisy have a complicated history with one another, he starts to question not only the nature of his neighbor's kindness, but his own desire to make it big in New York. The Great Gatsby is a tragic tale of ambition and romance set in the Roaring Twenties, a decade born from war and lost to economic disaster. With a beautifully designed cover and professionally typeset manuscript, this new edition of F. Scott Fitzgerald's The Great Gatsby is a classic work of American literature reimagined for modern readers.

All the Lives We Ever Lived Macmillan

"The Socratic method is one of the timeless inventions of the ancient world. It is a path to wisdom and a way to think more intelligently about questions large or small. It is a technique for teaching others and for talking to yourself. It is an antidote to stupidity, to irrationality, and to social media. It is easy to understand but challenging to master. It is useful for everyone. This book explains the Socratic method in detail: what it is, where it came from, and how to carry it out. The chapters teach the elements of the method step by step with examples from Plato's dialogues. They illustrate how to create Socratic questions of your own. They show how the teachings of Socrates produced the philosophies of Stoicism and Skepticism. The book also explains how the Socratic method can be put to work in the classroom, and it offers Socratic rules of engagement for talking about politics and other hard things. The Socratic Method is a complete guide to the practical use of a great idea"--

"What you have loved remains yours." Thus speaks the irresistible rogue Sindbad, ironic hero of these fantastic tales, who has seduced and abandoned countless women over the course of centuries but never lost one, for he returns to visit them all--ladies, actresses, housemaids--in his memories and dreams. From the bustling streets of Budapest to small provincial towns where nothing ever seems to change, this ghostly Lothario encounters his old flames wherever he goes: along the banks of the Danube; under windows where they once courted; in churches and in graveyards, where Eros and Thanatos tryst. Lies, bad behavior, and fickleness of all kinds are forgiven, and love is reaffirmed as the only thing worth persevering for, weeping for, and living for. The Adventures of Sindbad is the Hungarian master Gyula Krúdy's most famous book, an uncanny evocation of the autumn of the Hapsburg Empire that is enormously popular not only in Hungary but throughout Eastern Europe.

The Great Gatsby Catapult

An unforgettable collection of stories from "the most carnally direct and the most lucidly intelligent woman writing in Japan" (Kenzaburo Oe) Toddler-Hunting and Other Stories introduces a startlingly original voice. Winner of Japan's top literary prizes for fiction (among them the Akutagawa, the Tanizaki, the Noma, and the Yomiuri), Taeko Kono writes with a strange beauty, pinpricked with sadomasochistic and disquieting scenes. In the title story, the protagonist loathes young girls, but compulsively buys expensive clothes for little boys so that she can watch them dress and undress. The impersonal gaze Taeko Kono turns on this behavior transfuses the reader with a fatal question: What are we hunting for? And why? Multiplying perspectives and refracting light from the strangely facing mirrors of fantasy and reality, pain and pleasure, these ten stories present Kono at her very best.

Tyrant Memory Graphic Arts Books

For more than fifty years, Giacomo Debenedetti's October 16, 1943 has been considered one of the best and most accurate accounts of the shockingly brief and efficient roundup of more than one thousand Roman Jews from the oldest Jewish community in Europe for the gas chambers of Auschwitz. Completed a year after the event, Debenedetti's intimate details and vivid glimpses into the lives of the victims are especially poignant because Debenedetti himself was there to witness the event, which forced him and his entire family into hiding. Eight Jews, the companion piece to October 16, 1943, was written in response to testimony about the Ardeatine Cave Massacres of March 24, 1944. In this essay, Debenedetti offers insights into that grisly horror and into assumptions about racial

equality. Both of these stunning works are appearing together, along with Alberto Moravia's preface to Debenedetti's *October 16, 1943*, for the first time in an American translation. *October 16, 1943/Eight Jews* gives American readers a first glimpse into the extraordinary mind of the man who was Italy's foremost critic of twentieth-century literature. In addition to probing the deeper, haunting questions of the Holocaust, Debenedetti briefly describes the seizure of the Roman Jewish community's library of early manuscripts and incunables, the most valuable Jewish library in all of Italy. Following the roundup, this library was never seen again. Award-winning translator Estelle Gilson offers an additional essay on the history of the library and modern-day attempts to locate it. *October 16, 1943/Eight Jews* is a moving work that will continue to challenge readers long after they have closed its pages.
