Following the Pulitzer prize-winning collection Stag 's Leap, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender " Ode to the Hymen, " Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as " Ode to My Sister, " " Ode of Broken Loyalty, " " Ode to My Whiteness, " " Blow Job Ode, " and " Ode to the Last Thirty-Eight Trees in New York City Visible from This Window, " Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

Intended as the primary text for introductory courses on medical anthropology, this book integrates human biological data relevant to health and disease with both evolutionary theory and the social environments that more often than not produce major challenges to health and survival. Because students who take this fastest-growing anthropology course come from a variety of disciplines (anthropology, biology, especially pre-med students, and health sciences, especially), the text does not assume anything beyond a basic high-school level familiarity with human biology and anthropology. The authors first present basic biological information on a particular health condition and then expand their analysis to include evolutionary, historical, and cross-cultural perspectives. Among the topics covered are nutrition, infectious disease, stress, reproductive health, behavioral disease, aging, race/racism and health, mental health, and healers and healing.

The iconic writer whose prose was as influential and as it is unmistakably hers is joined in conversation with Sheila Heti, Hilton Als, Dave Eggers, Hari Kunzru and many more. Some writers define a generation. Some a genre. Joan Didion did both, and much more. Didion rose to prominence with her nonfiction collection, Slouching Towards Bethlehem, and she quickly became the writer who captured the zeitgeist of the washed-out, acid hangover of the 60s. But as a bicoastal writer of fiction and nonfiction whose writing ranged from personal essays and raw, intimate memoirs to reportage on international affairs and social justice, Didion is much harder to pin down than her reputation might suggest. This collection encompasses it all, in conversations that delve into her underappreciated mid-career works, her influences, the loss of her husband and daughter, and her most infamous essays. Far from the evasive, terse minimalist that has come to dominate the image of Joan Didion, what this collection reveals is a warm, thoughtful woman whose well earned legacy promises to live on for readers and writers for many generations to come.

By the coauthor of the #1 Wall Street Journal and New York Times bestseller The One Minute Entrepreneur Offers a simple, straightforward, and proven approach to negotiating anything Written in the popular and accessible "business fable" format Negotiation impacts every aspect of our lives, from the deals we strike on the job to our relationships with family members and neighbors, to the transactions we make as customers. Yet most people do anything they can to avoid negotiation -- it makes them uncomfortable, nervous, even frightened. This plague of "negotiaphobia" is that The One Minute Negotiator will remedy. Don Hutson and George Lucas use an engaging business parable to tell the story of a high-level sales professional who learns to master a simple yet profound approach to negotiations. Jay Baxter sells more than anyone else in his company, but his profit margins are slim. Instead of negotiating the best deal for the company, he's giving too much away to get the sale. On a company-sponsored cruise he meets the One Minute Negotiator, who teaches him a three-step negotiating process that can be applied to any situation: closing a deal to get your product in a big-box retail store, getting the best loaner car while your car is in the shop, seeking a fair solution after a hotel messes up your reservation, settling on the price for your new home -- in short, any transaction. The key is flexibility. Most books on negotiation preach one of two gospels: thou shalt collaborate or thou shalt compete. Either everybody works together toward a common goal or the process is basically adversarial. The problem is no two negotiations are alike -- one strategy cannot fit all. The One Minute Negotiator teaches you four potential strategies and shows how to choose the one best suited to the situation, your own inclinations, and the strategy being used by the other side. Besides the obvious benefits, conquering negotiaphobia will reduce your stress level. You'll never walk away thinking about what you should have asked for or might have gotten. Instead, with tools Hutson and Lucas provide you can confidently and consistently guide any negotiation to the best possible conclusion.
