The King of Mazy May is a short story by Jack London. John Griffith "Jack" London (born John Griffith Chaney, January 12, 1876 - November 22, 1916) was an American author, journalist, and social activist. He was a pioneer in the then-burgeoning world of commercial magazine fiction and was one of the first fiction writers to obtain worldwide celebrity and a large fortune from his fiction alone. He is best remembered as the author of *The Call of the Wild* and *White Fang*, both set in the Klondike Gold Rush, as well as the short stories "To Build a Fire", "An Odyssey of the North", and "Love of Life". He also wrote of the South Pacific in such stories as "The Pearls of Parlay" and "The Heathen", and of the San Francisco Bay area in *The Sea Wolf*. London was a passionate advocate of unionization, socialism, and the rights of workers and wrote several powerful works dealing with these topics such as his dystopian novel *The Iron Heel*, his non-fiction expos *The People of the Abyss*, and *The War of the Classes*. On July 12, 1897, London (age 21) and his sister's husband Captain Shepard sailed to join the Klondike Gold Rush. This was the setting for some of his first successful stories. London's time in the Klondike, however, was detrimental to his health.

Arguing that ethnicity and multiculturalism are essential for understanding globalization, Jan Nederveen Pieterse offers one of the first sustained treatments of the reach of these key forces beyond a limited national context. He shows that multiethnicity preceded the nation-state by millennia; but argues that states,

feeling the threat to their national identities, seek to control or suppress it. Contemporary multiculturalism, another attempt to regulate multiethnicity, is a work in progress in which dramas of global inequality are played out. This groundbreaking book adopts a kaleidoscopic and comparative-historical perspective that intertwines strands of social science and western and non-western research as a strategy to overcome the disciplinary and regional fragmentation of most discussions. Moving beyond worn notions of ethnicity and multiculturalism, Nederveen Pieterse proposes ethnicities and global multiculturalism as alternative, wide-angle perspectives on cultural diversity. Global multiculturalism, he convincingly demonstrates, offers a fresh account of layered cultural dynamics amid accelerated globalization.
