George Takei has captured hearts and minds worldwide with his magnetic performances, sharp wit, and outspoken commitment to equal rights. In 1942, at the order of President Franklin D. Roosevelt, every person of Japanese descent on the west coast was rounded up and shipped to one of ten "relocation centers," hundreds or thousands of miles from home, where they would be held for years under armed guard. THEY CALLED US ENEMY is Takei's firsthand account of those years behind barbed wire, the terrors and small joys of childhood in the shadow of legalized racism, his mother's hard choices, his father's tested faith in democracy, and the way those experiences planted the seeds for his astonishing future. What does it mean to be American? Who gets to decide? George Takei joins cowriters Justin Eisinger & Steven Scott and artist Harmony Becker for the journey of a lifetime.

PostSecret-Frank Warren 2005-11-29 The project that captured a nation's imagination. The instructions were simple, but the results were extraordinary. "You are invited to anonymously contribute a secret to a group art project. Your secret can be a regret, fear, betrayal, desire, confession, or childhood humiliation. Reveal anything -- as long as it is true and you have never shared it with anyone before. Be brief. Be legible. Be creative." It all began with an idea Frank Warren had for a community art project. He began handing out postcards to strangers and leaving them in public places -- asking people to write down a secret they had never told anyone and mail it to him, anonymously. The response was overwhelming. The secrets were both provocative and profound, and the cards themselves were works of art -- carefully and creatively constructed by hand. Addictively compelling, the cards reveal our darkest fears, desires, regrets, and obsessions. Frank calls them "graphic haiku," beautiful, elegant, and small in structure but powerfully emotional. As Frank began posting the cards on his website, PostSecret took on a life of its own, becoming much more than a simple art project. It has grown into a global phenomenon, exposing our individual aspirations, fantasies, and frailties -- our common humanity. Every day dozens of postcards still make their way to Frank, with postmarks from around the world, touching on every aspect of human experience. This extraordinary collection brings together the most powerful, personal, and
All Things Left Wild—James Wade 2020-06-16 After an attempted horse theft goes tragically wrong, sixteen-year-old Caleb Bentley is on the run with his mean-spirited older brother across the American Southwest at the turn of the twentieth century. Caleb’s moral compass and inner courage will be tested as they travel the harsh terrain and encounter those who have carved out a life there, for good or ill. Wealthy and bookish Randall Dawson, out of place in this rugged and violent country, is begrudgingly chasing after the Bentley brothers. With little sense of how to survive, much less how to take his revenge, Randall meets Charlotte, a woman experienced in the deadly ways of life in the West. Together they navigate the murky values of vigilante justice. Powerful and atmospheric, lyrical and fast-paced, All Things Left Wild is a coming-of-age for one man, a midlife odyssey for the other, and an illustration of the violence and corruption prevalent in our fast-expanding country. It artfully sketches the magnificence of the American West as mirrored in the human soul.

Pureland—Zarrar Said 2020-06-20 An assassin, accused of heinous acts of terror, begins his testimony by claiming responsibility for the murder of Nobel Prize winning physicist, Salim Agha. To explain his motive, he begins by telling Salim’s story and the tragic relationship he had with his beloved nation, Pureland. Full of fascinating mysticism, Salim’s life commences with a prophecy from a levitating saint: he was destined for greatness from the start. But he is born into poverty in a feudal village and the prophecy begins to fade, but his fate takes a turn when his landlord, General Khan, sees something special in the boy and promises to enrol him in a prestigious school in the city. Salim’s journey is never an easy one as he is hindered by conniving servants, General Khan’s evil mother, and his internal struggle with identity. He also falls in love with Khan’s daughter, Laila, who becomes his muse as well as an ally. The narrator is so powerful that he vows to do anything to win her heart. She becomes the embodiment of everything he is destined to achieve. But everything starts to crumble. In an accidental act to impress his landlord, Salim inadvertently contributes to a coup d'état that derrails his nation. He manages to flee for New York in order to stand on equal footing with his landlord and win over his beloved. But over the years in exile, Pureland is taken over by the Caliphate and remorse leads Salim to try and undo this wrong—and in doing so he creates vicious enemies who vie to slay him. One such enemy is the narrator himself. Inspired by the true tragic story of Pakistan’s only Nobel Prize winning physicist, Zarrar Said’s novel Pureland is a tour-de-force debut about a nation that has lost its way, its people who suffer from unspeakable tyranny, and a remorseful hero whose legacy has been wiped out by hatred.

The Mercies—Kiran Millwood Hargrave 2020-02-11 The women in an Arctic village must survive a sinister threat after all the men are wiped out by a catastrophic storm in this “gripping novel inspired by a real-life witch hunt.” The Times. Beautiful and chilling” (Madeline Miller, bestselling author of Circe). When the women take over, is it sorcery or power? Finnmark, Norway, 1617. Twenty-year-old Maren Magnusdatter stands on the craggy coast, watching the skies break into a sudden and reckless storm. All forty of the village’s men were at sea, including Maren’s father and brother, and all forty are drowned in the otherworldly disaster. For the women left behind, survival means defying the strict rules of the island. They fish, hunt, and butcher reindeer—which they never did while the men were alive. But the foundation of this new feminine frontier begins to crack with the arrival of Absalom Cornet, a man sent from Scotland to root out alleged witchcraft. Cornet brings with him the threat of danger—and a pretty, young Norwegian wife named Ursa. As Maren and Ursa are drawn to one another in ways that surprise them both, the island begins to close in on them, with Absalom’s iron rule threatening Vadre’s very existence. “The Mercies has a pull as sure as the tide. It totally swept me away to Vadre, where grief struck islanders stand tall in the shadow of religious persecution and witch burnings. It’s a beautifully intimate story of friendship, love and hope. A haunting ode to self-reliant and quietly defiant women.” (Douglas Stuart, Booker Prize winning author of Shuggie Bain)

Homeland—Cory Doctorow 2013-02-05 In Cory Doctorow’s wildly successful Little Brother, young Marcus Yallow was arbitrarily detained and brutalized by the government in the wake of a terrorist attack on San Francisco—an experience that led him to become a leader of the whole movement of technologically clued-in teenagers, fighting back against the tyrannical security state. A few years later, California’s economy collapses, but Marcus's hacktivist past lands him a job as webmaster for a crusading politician who promises reform. Soon his former nemesis Masha emerges from the political underground to gift him with a thumbdrive containing a Wikileaks-style cable-dump of hard evidence of corporate and governmental perfidy. It’s incoercible stuff—and if Masha goes missing, Marcus is supposed to release it to the world. Then Marcus sees Masha being kidnapped by the same government agents who detained and tortured Marcus years earlier. Marcus can leak the archive Masha gave him—but he can’t admit to being the leakar, because that will cost him his employer the election. He’s surrounded by friends who remember what he did a few years ago and regard him as a hacker hero. He can’t even attend a demonstration without being dragged onstage and handed a Mike. He’s not at all sure that just dumping the archive onto the Internet, before he’s gone through its millions of words, is the right thing to do. Meanwhile, people are beginning to shadow him, people who look like they’re used to inflicting pain until they get the answers they want. Fast-moving, passionate, and as current as next week, Homeland is every bit the equal of Little Brother—a paeon to activism, to courage, to the drive to make the world a better place. Double Blind—Edward St. Aubyn 2021-06-01 Double Blind follows three close friends and their circle through a year of extraordinary transformation. Set in London, Cap d’Antibes, Big Sur, and a walled corner of Sussex, this thrilling, ambitious novel is about the headlong pursuit of knowledge—for the purposes of pleasure, revelation, money, sanity, or survival—and the consequences of fleeing from what we know about others and ourselves. When Olivia meets a new lover just as she is welcoming her best friend, Lucy, back from New York, her dedicated academic life expands precipitously. Her connection to Francis, a committed naturalist living off the grid, is immediate and startling. Eager to involve Lucy in her joy, Olivia introduces the two—but Lucy has received shocking news of her own that binds the trio unusually close. Over the months that follow, Lucy’s boss, Hunter, Olivia’s psychoanalyst parents, and a young man named Sebastian are pulled into the friends’ orbit, and not one of them will emerge unchanged. Expansive, playful, and compassionate, Edward St. Aubyn’s Double Blind investigates themes of inheritance, determinism, freedom, consciousness, and the stories we tell about ourselves. It is as compelling about ecology, psychoanalysis, genetics, and neuroscience as it is about love, fear, and courage. Best of all, it is a perfect expression of the interconnectedness that sets out to examine, and a moving evocation of an imagined world that is deeply intelligent, often tender, curious, and very much alive.

Cooking in Other Women’s Kitchens—Rebecca Sharpless 2010-10-11 As African American women left the plantation economy behind, many entered domestic service in southern cities and towns. Cooking was one of the primary jobs they performed, feeding generations of white families and, in the process, profoundly shaping southern foodways and culture. Rebecca Sharpless argues that, in the face of discrimination, long workdays, and low wages, African American cooks worked to assert measures of control over their own lives. As employment opportunities expanded in the twentieth century, most African American women chose to leave cooking for more lucrative and less oppressive manufacturing, clerical, or professional positions. Through letters, autobiography, and oral history, Sharpless evokes African American women’s voices from the slavery to the open economy, examining their lives at work and at home.

**The Pigeon Tunnel** by John le Carré 2016-09-06 “Recounted with the storytelling flair of a master raconteur — by turns dramatic and funny, charming, tart and melancholy.” - Michiko Kakutani, The New York Times bestselling memoir from John le Carré, the legendary author of Tinker, Tailor, Soldier, Spy; The Spy Who Came In from the Cold; and The Night Manager, now an Emmy-nominated television series starring Tom Hiddleston and Hugh Laurie. From his years serving in British Intelligence during the Cold War, to a career as a writer that took him from war-torn Cambodia to Beirut on the cusp of the 1982 Israeli invasion to Russia before and after the collapse of the Berlin Wall, le Carré has always written from the heart of modern times. In this, his final memoir, le Carré is as funny as he is incisive, reading into the events he witnesses the same moral ambiguity with which he imbeds his novels. Whether he’s writing about the parrot at a Beirut hotel that could perfectly mimic machine gun fire or the opening bars of Beethoven’s Fifth; visiting Rwanda’s museums of the unburied dead in the aftermath of the genocide; celebrating New Year’s Eve 1982 with Yasser Arafat and his high command; interviewing a German woman terrorist in her desert prison in the Negev; listening to the wisdoms of the great physicist, dissident, and Nobel Prize winner Andrei Sakharov; meeting with two former heads of the KGB; watching Alec Guinness prepare for his role as George Smiley in the legendary BBC TV adaptations of Tinker, Tailor, Soldier, Spy and Smiley’s People; or describing the female aid worker who inspired the main character in The Constant Gardener, le Carré endows each happening with vividness and humor, now making us laugh out loud, now inviting us to think anew about events and people we believed we understood. Best of all, le Carré gives us a glimpse of a writer’s journey over more than six decades, and his own hunt for the human spark that has given so much life and heart to his fictional characters.

**Augustine's Theory of Signs, Signification, and Lying** by Remo Gramigna 2020-01-20 The aim of this study is to present, as far as possible, a general description of the theory of the sign and signification in Augustine of Hippo (354-430 AD), with a view to its evaluation and implications for the study of semiotics. Accurate studies for subject, discipline, and significance have not yet given an organic and systematic vision of Augustine's theory of the sign. The underlying aspiration is that such an endeavour will prove to be beneficial to the scholars of Augustine's thought as well as to those with a keen interest in the history of semiotics. The study uses Augustine's own accounts to investigate and interpret the philosophical problem of the sign. The focus lies on the first decade of Augustine's literary production. The De dialectica, is taken as the terminus ad quod of the study, and the De doctrina christiana is the terminus ad quem. The selected texts show an explicit engagement with poignant discussion on the nature and structure of the sign, the variety of signs and their uses. Although Augustine's intention never was to establish a theory of meaning as an independent field of study, he largely employed a theory of signs. Thus, Augustine's approach to signs is intrinsically meaningful.

**Heaven is for Real Deluxe Edition** by Todd Burpo 2011-10-31 #1 New York Times best-seller with more than 11 million copies sold and Amazon's #1 best-selling book of all time. Heaven Is For Real was the best-selling non-fiction book of 2011 as reported by Nielsen’s Bookscan, and was developed as a major motion picture by Sony in 2014. “Do you remember the hospital, Colton?” Sonja said. “Yes, mommy, I remember,” he said. “That’s where the angels sang to me.” When Colton Burpo made it through an emergency appendectomy, his family was overjoyed at his miraculous survival. What they weren’t expecting, though, was the story that emerged in the months that followed—a story as beautiful as it was extraordinary, detailing their little boy’s trip to heaven and back. Colton, not yet four years old, told his parents he left his body during the surgery—and authenticated that claim by describing exactly what his parents were doing in another part of the hospital while he was being operated on. He talked of visiting heaven and relayed stories told to him by people he had never met in life, sharing events that happened even before he was born. He also shared his parents with descriptions and obscure details about heaven that matched the Bible exactly, though he had not yet learned to read. With disarming innocence and the plainspoken boldness of a child, Colton tells of meeting long-departed family members. He describes Jesus, the angels, how “really, really big” God is, and how much God loves us. Retold by Todd Burpo.
his father, but using Colton’s uniquely simple words, Heaven Is for Real offers a glimpse of the world that awaits us, where as Colton says, "Nobody is old and nobody wears glasses." Heaven Is for Real will forever change the way you think of eternity, offering the chance to see, and believe, like a child.
